10 Leadership Techniques for Building High-Performing Teams

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

Kate Summer, a nurse case manager on a telemetry unit, is leading an initiative to reduce the 30-day readmission rate of older patients with heart failure. She knows from experience that more effective communication and collaborative planning by the interdisciplinary team managing these patients is crucial for reducing readmissions. But doing this has been challenging for [!]
