English is an Indo-European language, and belongs to the West Germanic group of the Germanic languages. Old English originated from a Germanic tribal and linguistic continuum along the coast of the North Sea, whose languages are now known as the Anglo-Frisian subgroup within West Germanic. As such, the modern Frisian languages are the closest living relatives of Modern English.

This is because many languages simply borrow English words and integrate them into the new language with altered pronunciation or stress. So to make my life easy when I start learning a language, one of the first word lists I try to consume is a list of "cognates," or "English loan words," which can be found quickly for pretty much any language.
