Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

A wealth of evidence supports an association between regular physical activity (PA) and decreased risk for cancer and cancer mortality. This is clearly an important issue given the growing worldwide incidence of both cancer and physical inactivity. Of further importance is unraveling the biological mechanisms that explain the potential preventive effects of PA against the development of cancer ...
