

medieval german literature proceedings pdf

Medieval Latin was the form of Latin used in Roman Catholic Western Europe during the Middle Ages. In this region it served as the primary written language, though local languages were also written to varying degrees. Latin functioned as the main medium of scholarly exchange, as the liturgical language of the Church, and as the working language of science, literature, law, and administration.

During the high medieval period, the Islamic world was at its cultural peak, translations of the 12th century Latin translations of the Greek Classics and of Arabic texts in astronomy, mathematics, science, and medicine. Other contributions included technological and scientific innovations via the Silk Road, including Chinese inventions such as paper and gunpowder.
